I remain, Gentlemen,

Your obedient Servant,

*R. Rombs*

Medical Officer of Health.

Housing 1933. 274 dwellings were inspected and 17 dwellings were found to be overcrowded.

BOROUGH OF BEAUMARIS.

Borough Surveyor's Office,  
Municipal Buildings,  
Beaumaris.

24th June, 1937.

To the Medical Officer of Health for the Borough of Beaumaris.

Sir,

I have pleasure in submitting to you my Report as Sanitary Inspector for the Borough of Beaumaris for the year ended 31st December, 1936.

Water Supply.

I have to report that the water supply both as regards quantity and quality of water has been ample to meet all demands. No bacteriological analysis have been taken this year.

The Sand Filters are cleaned out periodically and the sand renewed and they are able to satisfactorily cope with the demands of the Town, I am also pleased to state that particular attention has been given to all leakages in the Town with the result that the demand has become normal.

Drainage and Sewerage.

The Sewerage Scheme has worked fairly satisfactory during the year, and Ejectors are overhauled periodically.

The drains in three houses in the Town which were defective have been renewed on personal representations being made.

Scavenging and Removal of House Refuse.

The Town Council continue to make daily collections of House refuse. About 780 tons has been collected and delivered to the Destructor and dealt with.

Rivers and Streams.

No action has been found necessary during the year.

Closet Accommodation.

No conversions from the conservancy to water carriage system have been carried out during the year, and as previously reported there are 715 water closets and 26 on the conservancy system.

Nuisances. 68 cases were reported and attended to during the year.

Meat and other foods. The Public Abbatoir has been inspected periodically during slaughtering and is kept clean and lime-washed. As previously reported the Meat Shops are kept clean and their sanitary condition is good. Two out of the three Meat Shops have cold storage installed and no meat unfit for human consumption has been discovered during the year.

Milk Supply. There are two producers of Grade "A" T.T.Milk in the Borough and in accordance with instructions received from Ministry of Health, Cardiff, six samples from each producer were sent for analysis to the Agricultural Department, University College, Bangor.

The cow-sheds and dairies within the Borough have been examined periodically and as previously reported there is room for structural improvement of the cow-sheds. Lime-washing is periodically done and generally they are kept fairly clean.

Housing Act, 1935. Overcrowding. 274 dwellings were inspected and surveyed under the Housing Act, 1935, for overcrowding and 17 dwellings were found to be overcrowded comprising 17 families of 104 persons dwelling therein

Borough Surveyor's Office,  
Municipal Buildings,  
Bernardia.

24th June, 1937.

The Medical Officer of Health for the Borough of Bernardia.

I have pleasure in submitting to you my Report as Sanitary Inspector for the Borough of Bernardia for the year ended 31st December.

Water Supply.

I have to report that the water supply both as regards quantity and quality of water has been ample to meet all demands. No bacteriological analysis have been taken this year. The Sand Filters are cleaned out periodically and the sand moved and they are able to satisfactorily cope with the demands of the town. I am also pleased to state that particular attention has been given to all leakages in the town with the result that the demand has become normal.

Rubbish and Sewerage.

The Sewerage Scheme has worked fairly satisfactorily during the year, and inspectors are overhauled periodically. The drains in three houses in the town which were defective have been renewed on personal representations being made.

Conveying and Removal of House Refuse.

The Town Council continue to make daily collections of house refuse. About 750 tons has been collected and delivered to the Destructor and dealt with.

Rivers and Streams.

No action has been found necessary during the year.

Least Accommodation.

No conversions from the conservancy to water carriage system have been carried out during the year, and no conversions reported there are 7 1/2 water closets and 28 on the conservancy system.

Misdeeds. 68 cases were reported and attended to during the year.

Least and other foods. The Public Analyst has been inspected periodically during slaughtering and is kept clean and lime-washed. As previously reported the Meat Shops are kept clean and their sanitary condition is good. Two out of the three Meat Shops have cold storage installed and meat unfit for human consumption has been discovered during the year.

Milk Supply. There are two producers of Grade "A" T.Milk in the Borough and in accordance with instructions received from Ministry of Health, Cardiff, six samples from each producer were sent for analysis to the Agricultural Department, University College, Bangor.

The cow-sheds and dairies within the Borough have been examined periodically and as previously reported there is now for structural improvement of the cow-sheds. Lime-washing is periodically done and generally they are kept fairly clean.

Housing Act, 1925. Overcrowding. 274 dwellings were inspected and under the Housing Act, 1925, for overcrowding and 17 dwellings were found to be overcrowded comprising 17 families of 104 persons dwelling there.

Smoke Abatement. No action has been found necessary during the year.

Schools. County and Elementary.

In accordance with your instructions I have again examined and Elementary and County Schools. The Sanitary arrangements are satisfactory and the water supply is ample and supplied from the Town mains.

Disinfection. In accordance with your instructions I have disinfected six houses during the year.

Respectfully

I remain, Sir,  
Your obedient Servant,

*Griffith Dwyer*

Sanitary Inspector.

Abatement. No action has been taken necessary during the year.

County and Elementary

are again examined and Elementary and County Schools. The Sanitary  
arrangements are satisfactory and the water supply is ample and supplied  
the Town mains.

action. In accordance with your instructions I have disinfected
